INDYCAR CHEVROLET DUAL IN DETROIT RACE 2

POWER FINALLY LANDS WIN

Will Power celebrates Sunday after winning the Chevrolet Dual in Detroit Race 2. It's his first win of the season, the 26th of his career.

Despite rough race Saturday, and rough start to season, Penske driver comes back strong

DETROIT Proven again this weekend, the IndyCar Series is a better watch when Will Power is in the frame.

Whether it's blistering the season's first street circuit despite fighting vertigo, spinning off the Indianapolis Motor Speedway road course amid pressure from a rookie or forcing a teammate off line here at Belle Isle with light contact, Power is equal parts sizzling, sensational and stupefying — and it's eye-catching.

Power is the driver the audience and opponents can't lose track of, and

he verified that Sunday in an eventful Chevrolet Dual in Detroit.

It started with the morning's practice session. Power ripped off a lap that would have shattered the track record had IndyCar not taken it away — plus his next-fastest lap — for in-

After leaving Purdue, Joey Elliott played quarterback for five seasons in the Canadian Football League.

Ex-Boiler Elliott makes it to NFL

Dream was to play in league, but he'll gladly take Colts scouting job

Randy Beard
Evansville Courier & Press

When Joey Elliott hops on his Twitter account, it's usually to post inspirational messages.

NO SPEED LIMIT ON THE ROAD TO SUCCESS.

Live in the details of the details.

Today's the day, NOT tomorrow.

If the plan doesn't work, change the plan but never the GOAL.

The former Purdue quarterback took his own advice with that last one.

When Elliott had to let go of his dream of playing in the NFL, he simply changed his path and began learning another side of professional football.

Through it all, including the highs and the lows of his pro playing career in Canada, he was determined to make it to the NFL.

Last month, it all paid off for Elliott when the Indianapolis Colts added him to their staff as a pro scout. His job is focused on helping to evaluate current players as well as writing reports on unrestricted free agents and potential draft picks.
